After you have completed registration, and before you pay your fees, take your material to the office of Veteran's Affairs for instructions concerning procedure for entering training under the Korean Bill.

1. To add or drop a course a student must file his change-of-course card in the office of the director of his school, or at the dean's office for those under a catalogue prior to 1951. Note the following procedure.
 2. To add a course—get a change of course card from the office of your director or the dean's office. Fill out the three sections, leave the bottom two cards in the office. Take the registrar's copy to your advisor, then to the teacher of the course being added. Return the approved card to the office from which you obtained it not later than 4 p.m. Friday, January 8. *Education 391W is open only to a student who has not had and is unable to obtain or schedule a methods course in his field of concentration before graduation, and who has arranged for a one-hour conference period each week with the chairman of the department preparing him in his content field. This arrangement should be necessary only in the fields of Classical Languages, Modern Languages, and Art.

The courses whose numbers are preceded by "S" indicate courses open to advanced undergraduate students who lack no more than forty-eight quarter hours credit toward graduation and who meet the course prerequisite requirements indicated in the catalogue.

The student who plans to enroll in student teaching courses during the Spring Quarter of this school year must have his application approved not later than February 1, 1954, by the Chairman of the Department of Curriculum and Instruction (Education). The application should be attached to a statement from the student's advisor certifying that the student has met the certification requirements in the subject matter area. If approved, the application will be sent to Mr. Roland, coordinator of student teaching assignments, for processing.
